
THE COLONIAL NEWSLETTER

The attached survey sheet is a part of an experimental census being conducted by CNL Patron Donn Pearlman in an attempt to determine the true rarity and other information regarding three Connecticut copper varieties. Responses may be signed or may be returned anonymously if you wish.

Mr. Pearlman is a newsman for Radio Station WBBM in Chicago. He is well known in that area for his interest in numismatics.

This same survey is being conducted by the Early American Coppers Club, Inc. in an attempt to contact as many collectors as possible. Results of the survey will be made available to members of both CNL and EAC.

Thank you for your assistance.

SURVEY OF THREE CONNECTICUT COPPERS

Miller 6-K of 1786

Draped Bust left with colons and no stars, ribbon or fillet has three ends.
Reverse has three sets of four-dash ornaments.

QUESTIONS:

- 1) How many such coins do you estimate extant? _____
- 2) Do you now own one or more? _____
- 3) If answer to above question is "YES" how many do you have? _____
- 4) Condition of coins (feel free to provide other pertinent descriptions--such as, is the date weakly struck?). _____

- 5) Apx. date coin(s) acquired? _____
- 6) Pedigree? _____

Miller 9-R of 1787

Mailed Bust left with 1787/88 overdate reverse and spelling IND ET LIB.

QUESTIONS:

- 1) How many such coins do you estimate extant? _____
- 2) Do you now own one or more? _____
- 3) If answer to above question is "YES," how many do you have? _____
- 4) Condition of the coin(s): _____

- 5) Apx. date coin(s) acquired? _____
- 6) Pedigree? _____

Miller 12-Q of 1787

Mailed Bust left, another 1787/88 overdate reverse.

QUESTIONS:

- 1) How many such coins do you estimate extant? _____
- 2) Do you now own one or more? _____
- 3) If answer to the above question is "YES," then how many do you have? _____
- 4) Condition of the coin(s): _____

- 5) Apx. date coin(s) acquired? _____
- 6) Pedigree? _____

Please feel free to provide any additional information that you think is necessary concerning the above three Connecticut varieties. Again, thank you for your assistance.
